WORKSHEET

Unit 7_Get well soon (Reading)

I. Read. Fill in the blanks with the words given in the box.

cold	**tissue**	**message**	**tickle**	**germs**	**muscles**

Aaaaa ...choo! When you have a **(1)**....., you often sneeze? Why? Because **(2)**..... make a home in your nose, and they **(3)**.....you! Sneezing is your body's way of sending germs out of your nose. Many animals sneeze, too!

What happens? Your nose doesn't like the germs, so it sends a **(4)**.....to a part of your brain called the "sneeze" center." The sneeze center sends a message to your muscles. Then all your **(5)**.....push hard. Even your eyes push. That's why you close your eyes when you sneeze! You should have a **(6)**.....ready because the sneeze happens very quickly. A sneeze can travel as fast as a car.

II. Read. Answer the questions.

1. What is the text about?

.....

2. When do you often sneeze?

.....

3. Why do you sneeze?

.....

4. What should you prepare before you sneeze?
