**Grade 10 Unit 7 Lesson 4 Worksheet**

## A global hub – Dubai International Airport

**A** Every year thousands of passengers check in at Dubai International Airport on their way to foreign destinations. Even more are in transit – heading off to exciting places around the world on business trips and holidays. For many international airlines, the Middle East is a perfect location for a stop over to refuel.

**B** Dubai International Airport has grown in recent years and is now one of the busiest airport hubs in the world. It accounts for over 20% of the job market in Dubai. Emirates, the national carrier of Dubai, is based at Terminal 3, as well as the low-cost airline, Flydubai. Airport staff dealt with more than 78 million passengers in 2015 and that number will increase in the future.

**C** Outside the terminal, you can see planes take off and land on the hot runways. Inside the terminal buildings, however, you can count on a cool environment with luxury shopping, restaurants and even a Zen garden to relax in.

**D** The airport is a fantastic place for shoppers. There are hundreds of shops, including the world's largest duty-free shop where you can pick up the latest gadgets, perfume and souvenirs.

**2** Look at the phrasal verbs highlighted in the article. Match them to their definitions.
