Reviews ★★★★★

The iconic English spy James Bond has been single-handedly **p**acking **o**ut cinemas across the globe since 1962. During that time, audiences have [1]**h_____d their b_____h** as no less than seven different Bonds have dodged [2]**fl_____s** of bullets and defeated super-villains in twenty-six films and counting. Throughout his many incarnations, Bond's [3]**vi_____l** approach to espionage has led him to bend the rules as he follows his gut instincts and risks his neck to protect his beloved Britain. Despite this and other constants, rather than [4]**re_____e** the dashing spy slavishly across the films, each time Bond has had a [5]**re_____t**, successive actors have brought something different to Ian Fleming's original character.

Known for glamorous locations, beautiful people and [6]**r_____l** stunts that leave viewers with [7]**g_____g** mouths, the film franchise looks set to continue for many instalments to come. The [8]**sh_____r se_____e** of occasion that [9]**sw_____s ar_____d** the opening of a new Bond film means even global news channels report premieres as headline news, an accolade achieved by only a handful of films in recent years.
