Where dreams come true

MY NEIGHBORHOOD

Sample essay:

Have you ever been to my neighborhood?
I have lived in my neighborhood for three years. It is very close to my school. I can get to school in ten minutes on foot. The subway station and the bus stop are very close, too.
There are many stores in my neighborhood. The grocery store is two blocks from my house. Across the street from the grocery store, there is a hair salon, a dry cleaner's and a bank. Best of all, my neighborhood has a park. My friends and I often have lunch there.
I really like living in my neighborhood!
