Codingal

Where kids love coding

Name : _____ **Class :** _____

PERCENTAGE

A percentage is a value that tells how much out of 100.

5% ← 5 out of a hundred = $\frac{5}{100}$

Converting fraction into a percentage

$$\frac{1}{2} = \frac{1}{2} \times 100\% = \frac{100}{2}\% = 50\%$$

Turn the fractions into percentages!

$\frac{1}{4} =$

$\frac{3}{4} =$

$\frac{2}{5} =$

$\frac{1}{25} =$

$\frac{1}{3} =$

$\frac{6}{10} =$

$\frac{7}{8} =$

$\frac{3}{20} =$
