Williamsburg, New York

New York is the number one city to visit in the United States. When we think of New York, we think of places like the Empire State Building, Central Park, and Times Square. In fact, many_____ to New
York spend all their time in Manhattan. But New York is actually five different boroughs and Manhattan is just one of them. The other boroughs are Queens, Staten Island, the Bronx, and Brooklyn.

Welcome to Williamsburg, my _____ in New York. It is not on Manhattan island, but it is across the East River in Brooklyn. Williamsburg is a great place to live. It is home to many different communities from all over the world. It is a very _____ part of New York. A lot of artists and _____now live in the neighbourhood, and because it is so fashionable and people like living here, houses and apartments are now very expensive.

The main street in Williamsburg is Bedford Avenue. On Bedford Avenue, there are lots of fashionable shops and restaurants. Williamsburg is now also very popular with_____. And many of these visitors come to Bedford Avenue to visit the shops,_____, and street stores. You can see other _____things on Bedford Avenue. These street artists are painting a mural on the wall.

But the number one store to visit in Williamsburg is not on Bedford Avenue. Beacon's Closet is a store full of second-hand clothes. People bring in their old clothes for the store to sell. Young people buy these 'vintage' clothes, because they are very fashionable.

Williamsburg is now so popular that new buildings are going up all the time. This building is going to be a new hotel, and these are new apartments. But there is a problem. Apartments in Williamsburg are now so _____ that many of my neighbours are moving back across the East River to Manhattan.
