One time, to know that it's .....

One time, to know how it feels, that's all

One call, your ..... on the phone

One place, a ..... alone, that's all

What do you .....?

What do you .....?

What are the signs?

What do I.....?

Just follow your lifeline through

What if it .....?

What then? What do we do?

What do you .....?

Don't .....your lifelines away

One time, just ..... in my life

Yeah, one time, to know it can ..... twice

One shot, of a ..... blue sky

One look, I ..... no reasons why we can't

One chance to be back to the point where ..... starts

One chance to ..... it together, things fall apart

Once I make us ..... it's true

What do you .....?

Where do we .....?

What are the signs?

How do we grow? By letting your lifeline show

What if we do? What up to now?

What do you .....?

How do I .....?

Don't ..... your lifeline go
