19. Fatimah bought 5 blouses at $39 each and 3 dresses at $78 each. How much did she spend altogether?

Working

20. Azwan made 20 ℓ of fruit punch and poured all of it equally into some cups. Each cup contained 200 mℓ of fruit punch.

(a) How many cups of fruit punch did Azwan make?

(b) How many more millilitres of fruit punch did Azwan have to make if he needed 130 cups of fruit punch?
