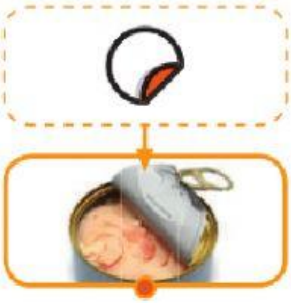
Raw materials come from **nature**. They come from the ground, plants or animals. We use them to make **manufactured products** in factories. What is Amy sitting on? Is it a raw material?

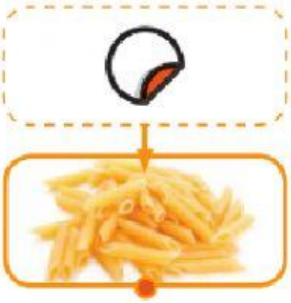
1 Where does it come from? Write *plant*, *animal* or *ground*.

2 What is the raw material? Find the stickers. Match.

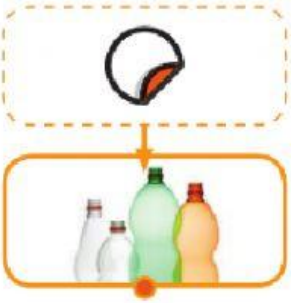


It is made from rock.

It is made from fish.



It is made from oil.



It is made from wheat.
