3D Shapes – Making Presents

The elves have been busy making presents for children.
Each present they have made is a different 3D shape.

Look at each description in the table. Write the name of the 3D shape, and cut and stick the present that it matches.

Word bank	cone cuboid square-based pyramid sphere cube cylinder

Description	Shape name	Present
I have 6 faces, 12 edges and 8 vertices. All my edges are the same length.		
I have 2 faces and 1 edge.		
I have 3 faces and 2 edges.		
I have 6 faces, 12 edges and 8 vertices.		
I have 1 face. I have no edges or vertices.		
I have 5 faces and 8 edges.
