Emma White

At the Museum

1 Do you like museums? I do! My favorite museum is the Science Museum. I love the old things there. There are some very old **wheels** / **lamps** at the museum. They're 2,000 years old. They need oil in them. The oil burns.

2 There's an old **computer** / **screen** at the museum, too. You can put a new computer in a backpack, but this computer needs a big room.

3 This old **bike** / **TV** is very funny. It's big, but the screen is small.
