Read the following passage and mark the letter A, B, C, or D on your answer sheet to indicate the correct answer to each of the following questions from 31 to 36.

Recently, residents of New Jersey have reported seeing strange flying objects in the night sky, describing thern as "giant drones. However, officials believe many of these sightings are likely to be regular airplanes. To avoid confusion, several helpful apps can identify aircraft in real time.

Apps like Hightradar24, Plane Finder, and FlightAware allow users to see what planes of helicopters are flying nearby, These apps provide detailed information such as the altitude, speed, and destination of the aircraft. Some can even identify unmanned drones if they are. broadcasting their location.

With apps like Flightradar24, you can simply point your phone at a plane in the sky to learn more about it, even in the dark. This technology has made **tracking** aircraft a popular hobby for many. For example, in 2022, over 700,000 people tracked a US Air Force plane online when it carried a **high-profile** passenger.

These apps collect data sent by planes to ground stations and satellites. However, it's important to note that not all aircraft appear on these platforms. For instance, small hobby drones and military planes like Air Force One are usually not visible.

By using these apps, people can gain a better understanding of what's flying above them and reduce unnecessary worries about unidentified objects

31. What is the main purpose of the text?

A. To warn people about the dangers of drones.

B. To explain how to use flight tracking apps..

C. To introduce apps that can help identify aircraft in the sky

D. To criticise the government's response to UFO sightings.

32. What feature do apps ilke Flightradar24 offer?

A. They allow users to identify aircraft by pointing their phone at the sky.

B. They provide real-time details about aircraft such as speed and destination.

C. They assist users in distinguishing between manned and unmanned aircraft.

D. They enable users to view a map of their location with live air traffic.

33. Why might some aircraft not appear on tracking apps?

A. The apps cannot track planes that do not broadcast their locations.

LIVEWORKSHEETS

B. Some planes may not transmit data to satellites or ground stations.

C. Hobby drones and military planes often lack broadcasting technology.

D. Private aircraft are excluded to protect the privacy of their owners.

34. Which statement is NOT true according to the text?

A. All planes flying at night can be identified with tracking apps.

B. Tracking aircraft has become a hobby for some people.

C. Apps can identify unmanned drones if they send signals like planes.

D. Some aircraft, like Air Force One, are blocked from these platforms.

35. What is the CLOSEST meaning to the word "tracking" in paragraph 3?

A. following B. predicting C. inventing D. hiding

36. What is the OPPOSITE meaning to the word "high-profile" in paragraph 37

A. Important B. significant C. influential D. unremarkable

Four phrases/sentences have been removed from the text below. For each question, mark the letter A, B, C, or D on your answer sheet to indicate the correct option that best fits each of the numbered blanks from 37 to 40.
