Day 4

ALL ABOUT BRAVE BESSIE!

Directions: Read and solve math word problems. Draw a picture or write an equation to show your work.

1. Bessie was born on January 26, 1892? She died in April of 1926. How many years after she was born, did she pass away in a plane crash?

2. In 1921, Bessie earned her pilot's license. How many years after she was born did she receive her license?

3. Bessie was born in Atlanta, Texas. She then moved to Chicago, Illinois which is 818 miles away, with her brothers. How many miles would she have traveled for a round trip?

LIVEWORKSHEETS

4. Today, it costs approximately $7,302 to attend Langston University. In the early 1900's when Bessie attended the university, the tuition was $150. What is the difference in the cost of tuition from then til now?

5. If Bessie traveled 818 miles from Texas to Illinois, then another 752 miles to Wilmington, Delaware, how many miles would she have traveled altogether?

EXIT TICKET: What was the most interesting fact you learned about Bessie? What else would you like to know about her?
