Plastic

If you look (1) [ ], you'll probably see plastic of some sort. You're probably wearing clothes that are partly (2) [ ] of plastic. Much of your food and many drinks come (3) [ ] plastic containers, like bags or bottles. Plastic is everywhere because people make (4) [ ] in large quantities. That's because it is so useful in just (5) [ ] everything people do. That's (6) [ ] waste plastic is becoming a serious problem, especially around the world's coastlines and oceans.
