At first glance6, we are all supposed to1 know the Lord of the Rings film, but who was its writer?

0J. R. R. Tolkien was a British writer, poet, philologist, linguist and Professor at Oxford University. As a young man, he loved[1] to read everything, yet2 we come across5 he showed great interest in philology and the old Norse sagas and legends. But not all the glitter is gold4 and his family moved several times. His father[2] thought that the English climate would suit his children's health better.
In March 1916 he married[3] Edith Tolkien. They had three sons and a daughter. They lived in[4] South Africa and moved to England.

After that, he wrote[5] one of his most famous books, it can pin down The Hobbit. During 1925, it is worth highlighting26 he worked as a professor at Oxford University, Tolkien is best known for[6] his novel The Lord of the Rings, comprising three epic fantasy, action and adventure parts, which had far-reaching effects13 due to they have been made into films and we cannot overlook that fact23 they have been the most awarded films in history with eleven Oscars.

Last but not least22, Tolkien died in[7] Bournemouth, UK in 1973. On the tip of the iceberg25 If I had been in your shoes27, I would watch his films and read his books, you cannot turn a blind eye to his works20.
