In 1961, he became the first human to travel into space.

plane crash

March 9, 1934

Gzhatsk, Russia

March 27, 1968

He was raised on a collective farm, which is a farm that is owned by the government and worked on by many people.

In 1951 Gagarin earned a position as an apprentice at a technical school in Saratov. He graduated in 1955. Gagarin was passionate about flying from an early age. While in Saratov, he joined a club where he learned how to fly a plane. Gagarin then entered the Soviet Air Force cadet school.

He orbited, or flew around, Earth in 1 hour 29 minutes.

He trained other cosmonauts and toured around the world.

After his death, the town of Gzhatsk was renamed Gagarin.

He was an apprentice at a technical school in Saratov.
