CORONAVIRUS

Coronavirus is a newly discovered virus. It causes a disease called Covid-19. In some parts of the world, it has made lots of people sick. Here are some things you can do to protect yourself and family from getting sick: 1) wash your hands often using soap and water. 2) Sneeze into your elbows. If you do this, you prevent germs for going far into the air. 3) Avoid touching your face. Remember that kind of virus can affect anybody. It doesn't matter where you come from or what country you are from. You just have to stay at home to stop the virus spread to others.

16. Coronavirus is a very old virus. ( )
17. It has made a lot of people sick in some parts of the world. ( )
18. The Coronavirus only affects old people. ( )
19. We have to wash our hands only by water. ( )
20. Staying at home is our part to stop the virus. ( )

Make a glossary with at least 15 words from these pages.
