James ⁴ _____ ! Oh, I hope someone returns my laptop.

Tim ⁵ _____ . I hope you get it back.

Reading

Charles Dickens

The English writer Charles Dickens was born in 1812 in Portsmouth, England. He grew up in a large family with seven brothers and sisters. As a child he spent a lot of time reading and enjoyed being outdoors. He didn't get much formal education because he left school early and got a job in the same factory where his father worked as a clerk. His father had problems with money and had to go to prison because of his debts. Dickens tried very hard to raise some money to free his father, but he wasn't successful. His father only came out of prison when Dickens' grandmother died and left them some money.

Before Dickens became a political journalist, in 1831, he worked at the law office of Ellis and Blackmore in London as a junior clerk. He became famous in 1836, when he started writing *The Pickwick Papers*. He edited a weekly journal for twenty years, and also wrote fifteen novels, including *Oliver Twist* and *David Copperfield*. He also wrote hundreds of short stories and non-fiction articles. He wasn't just a writer, though; he also campaigned for children's rights and social reforms.

Dickens fell in love with Catherine Hogarth in 1835, and they got married a year later, in 1836. They had the first of their ten children, Charley, in 1837. This was also one of the saddest times of his life, because it was when his sister-in-law, Mary, who lived with them in London, died after a short illness. Dickens and his wife Catherine stayed together for twenty-two years, but got divorced in 1858, a year after Dickens fell madly in love with an actress, Ellen Ternan. His love for Ellen lasted until he died, in 1870.

At just twenty years old, Dickens already knew that he wanted to become famous. Later in his life, and after his death and the beginning of the 20th century, critics recognized him as a literary genius. Today, he is considered one of the most successful writers of all time.

2 Read the text about Charles Dickens and decide if the statements are true (T) or false (F).
