READING UNIT 6 AMAZING PLANTS

ACTIVITY BY GROUPS

Read pages 90 and 91 and develop:

1. What do plants need to live?

_____

_____

2. What is the strategy of some plants to get the nutrients? (paragraph 2)

_____

3. Match the characteristics to the corresponding plant

Gets its name from the smell

Attracts insects with a sweet odor

The leaf closes and trap the insect

Pollen sticks to the fly or insect

The fly takes the pollen to other plant

The plant digests the insect
