Reading: Life on a Farm

Read the text and then do the activities.

At *Green Valley Farm*, there are many types of animals. The farmer works with different kinds of **cattle**. Some are adult cows, and others are young animals called **calves**. A young female cow is called a **heifer**.

The farm also produces **meat**, so the animals are very important for business. The farmer chooses a good **breed** of animals to get better quality products.

Some animals have **horns**, like the ram and some cattle. The sheep live together, and the female sheep is called an **ewe**, while the male is a **ram**.

The pigs are also part of the farm. The male pig is called a **boar**, and the female is a **sow**.

There are horses too. A female horse is called a **mare**. Her baby is a **foal**, and a young male horse is called a **colt**. At night, many animals stay in the **cowshed**, where they are safe and protected.
