# THIRD CONDITIONAL (IMPOSSIBLE)

## REMEMBER

| IF | CONDITION | RESULT |
|---|---|---|
| | PAST PERFECT | WOULD / WOULDN'T HAVE+ PAST PARTICIPLE |
| If | he had won the lottery, | he would have travelled around the world. |

| RESULT | IF | CONDITION |
|---|---|---|
| WOULD / WOULDN'T HAVE+ PAST PARTICIPLE | | PAST PERFECT |
| He would have travelled around the world | if | he had won the lottery. |

We use the third conditional **for impossible situations** as we use it to talk about the **past** and to **imagine** the result of this situation or imagine a **different result** of it.

DON'T FORGET **past participle** (regular verbs **–ed**, irregular verbs **3rd column**).
