EXERCISE 3

*Complete the interview with **will** or **won't** and the verbs in brackets. The first one has been done for you.*

A : How will people travel (How people travel) around in the future?

B: In cars that don't have anybody driving.

A: Isn't that dangerous?

B: No, the cars _____ (communicate) with each other and make sure they all have enough space on the road.

A: That's amazing!

B: Yes, it is. There _____ (are not) any crashes ever again.

A: Will the cars be able to fly?

B: Maybe – I can certainly imagine a car that flies.

A: And food – _____ (what people eat)?

B: Similar meals to the ones we eat today, but with a lot less meat.

A: Why is that?

B: Well, in the future, if we want to continue to eat as much meat as we do now, we

_____ (need definitely) more space for animals than we actually have on the planet.

A: I see. Maybe we could build farms on the moon?

B: Hmmm ... I'm not sure that _____ (be) possible.

A: Why not? It's a great idea!

B: Well, _____ (how the animals breathe) when they are on the moon?

A: That's a good point.
