FINAL TEST REVIEW

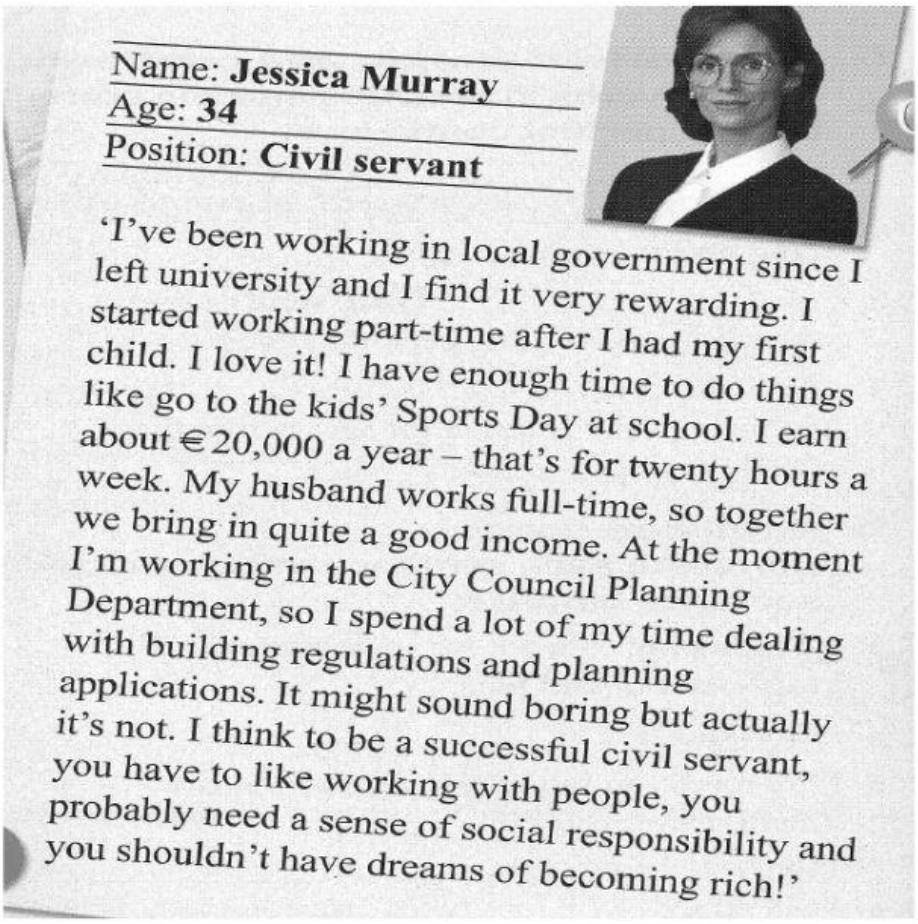
1. Reading comprehension (10 marks)



Name: **Jessica Murray**
Age: **34**
Position: **Civil servant**

'I've been working in local government since I left university and I find it very rewarding. I started working part-time after I had my first child. I love it! I have enough time to do things like go to the kids' Sports Day at school. I earn about €20,000 a year – that's for twenty hours a week. My husband works full-time, so together we bring in quite a good income. At the moment I'm working in the City Council Planning Department, so I spend a lot of my time dealing with building regulations and planning applications. It might sound boring but actually it's not. I think to be a successful civil servant, you have to like working with people, you probably need a sense of social responsibility and you shouldn't have dreams of becoming rich!'
