IV. Read the following passage and mark the letter A, B, C or D on your answer sheet to indicate the correct word or phrase that best fits each of the numbered blanks.

CAN WE CHANGE THE CLIMATE?

It may seem hard to believe that people can actually change the Earth's climate. But scientists think that the things people do that send greenhouse gases into the air are making our planet warmer. Once, all climate changes occurred naturally. (25) _____, during the Industrial Revolution, we began altering our climate and environment through agricultural and industrial practices. The Industrial Revolution was a time (26) _____ people began using machines to make life easier. It started more than 200 years ago and (27) _____ the way humans live. Before the Industrial Revolution, human activity released very few gases into the atmosphere, but now through population growth, fossil fuel burning, and deforestation, we are affecting the mixture of gases in the atmosphere.

Since the industrial revolution, the need for energy to run (28) _____ has steadily increased. Some energy, like the energy you need to do your homework, comes from the food you eat. But other energy,
