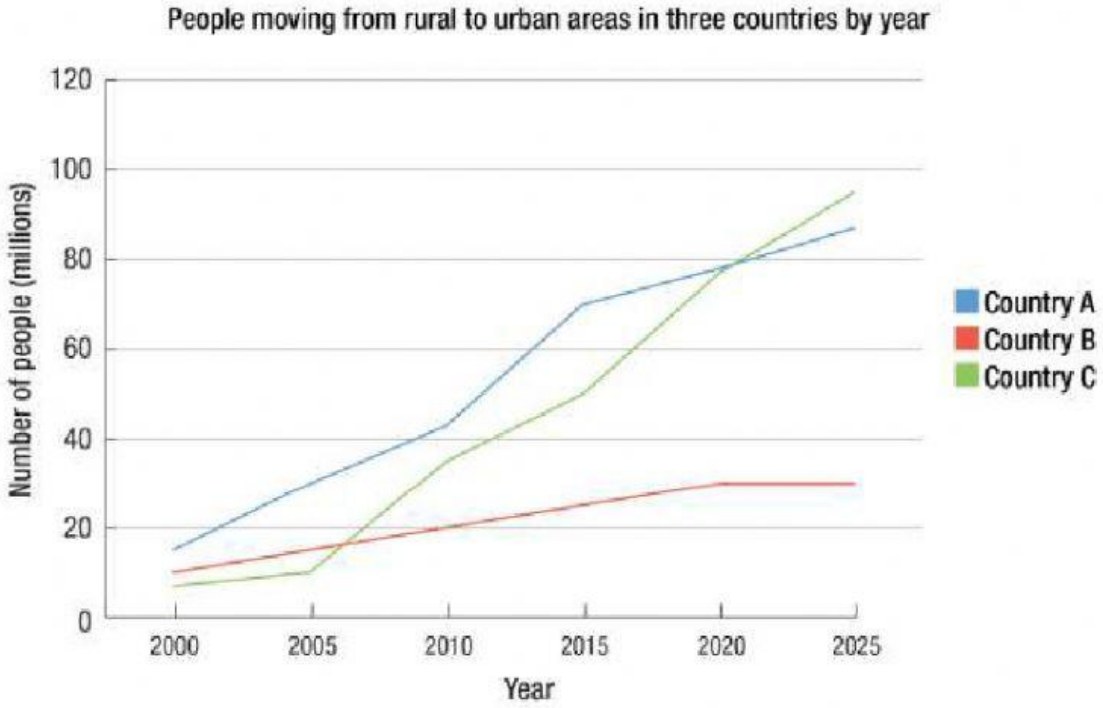
Exercise 7

Look at the chart. Do the sentences contain accurate or inaccurate information? Choose True or False.



1. Country A's population movement fluctuated before 2015 and is predicted to rise in the next few years.

   - True
   - False

2. The movement of people from villages to cities in Country B is forecast to peak in 2020, and will probably decline in the foreseeable future.

   - True
   - False

3. From a low figure of below 10 million people in 2000, the number of people expected to move from the countryside to cities in Country C will probably exceed 100 million in the years after 2025.

   - True
   - False

LIVEWORKSHEETS

4. Country C had fewer people moving to cities than Country B and Country A in 2005, and in 2025 there will also be fewer people moving to cities in Country C than in these countries.

   - True
   - False

5. Country C experienced a steep rise in the number of people leaving the countryside for the city between 2005 and 2015; the number increased from about 10 million to about 50 million, and this trend is likely to continue well into the next decade.

   - True
   - False
