Reading Comprehension

Cats

Read the following passage and then answer the questions.

Cats are small, tame, furry animals that are often kept as pets and farm animals. There are over 30 different kinds of cats. They have different body shapes and sizes, colouring, fur length, eye color, tail length, voice and temperament. House cats do not like swimming. Cats like to eat meat and will kill and eat small mammals, birds, fish, frogs, lizards, and snakes. Cats started living with people over 7,000 years ago and still live with us today.
