3 Breakfast cereal comes in a ..... box.

4 That chair is made from a strong ..... called teak.

5 Mallorca is famous for its ..... bags and shoes.

6 Are your glasses made of ..... or plastic?

3 Choose the correct option.

One evening last summer, I had a barbecue on the beach with my family. Dad carried all the food and drink from the car in a big (1) ceramic / wool / plastic box. I was wearing a (2) leather / glass / paper jacket and I had a blanket made of (3) aluminium / wood / wool to keep warm. It was still quite cold, so we walked along the edge of the sand and found some pieces of (4) plastic / wood / leather for a fire. While the fire was burning, we played a game with a small (5) rubber / cotton / ceramic ball. Unfortunately, while my mum was playing the game, she lost one of her beautiful (6) glass / cardboard / paper earrings. We spent ages looking for it in the sand, but all we found was a small piece of a (7) cotton / rubber / ceramic plate.

Fortunately, a man found it. He came across to us and handed my mum a small, brown, (8) ceramic / rubber / paper envelope and inside it was the earring. What a relief!
