Sky High page 21

2 January 10th

I'm **Olivia** and I'm from Perth, Australia. It's a big city and over two million people live here. It's really strange to read about the cold and the snow in the northern part of the world. You are in the middle of winter but here, in Australia, January is summer.

Our summer days are very hot and today the temperature was 33°C. That's the hottest day so far this summer, but it can get hotter.

We are on our summer vacation and the sun is out every day. The sun rises at about 5:30 a.m. and sets at around 7:30 p.m., so we have a long day. We often spend our days outdoors – at the beach, playing tennis or hanging out with friends in town. We just enjoy the vacation until the new school year starts in February.

1- Who wrote the post? _____

2- What country is she from? _____

3- What month did she talk write about? _____

4- Fill in the sentence:

Olivia things it's strange to read about the cold in the north because_____.

5- Many teens in Perth spend their summer vacation_____.

6- In Australia, the new school year starts in_____.
