@learningtips9872

Since expresses a starting point. *She's been working here **since** November.*
For expresses the duration of an action. *They've been in Hawaii **for** two weeks.*

Since (Точка старту: «З...»)	For (Період часу: «Протягом...»)
since Monday (з понеділка)	for three days (протягом трьох днів)
since 2015 (з 2015 року)	for ten years (протягом десяти років)
since yesterday (зівчора)	for a long time (протягом довгого часу)
since I was a child (з дитинства)	for two hours (протягом двох годин)

Animals have been a source of help and comfort to humans **1)** *since* history began, and we have known **2)** _____ years that animals make people gentler and more relaxed. **3)** _____ a long time the question has been how exactly animals can change people. Some researchers believe that stroking a pet helps to relieve anxiety and tension and, **4)** _____ the 1960s, therapists have believed that animals' remarkable powers can be used to heal our bodies and minds. This belief has actually been confirmed **5)** _____ the discovery that seriously ill people live longer if they have a pet to care for.
