Starting out trip

It was 2010 and it was my first time out of the country. At the airport I met Sebastián and Miguel and we became friends. It was my first time on a plane! It was incredible!

First days in Mexico

In Mexico, we stayed at an all-inclusive hotel. We ate and drank everything we wanted! The hotel was near the beach and we had a wonderful view of the sea from our bedroom

The pyramids!

We went to the Chichen Itza Mayan ruins. We saw the pyramids and learned a lot about Mexican history.

Nature

We saw wild animals everywhere: there were flamingos, macaws, coatis, butterflies and a jaguar on an island. We touched turtles, too!
It was great holiday!
