KIDS FOUR EXAM

Time allowed: 1 hour
Paper 1

A) Read the story: **" The Dragon and the Princess "**

Once upon a time there was a king and a queen. They were very happy and lived in a castle with their daughter. Everybody loved the princess because she was sweet and friendly. One night, a horrible ogre captured the princess and took her to his black tower. The ogre put the princess in a big room.

The king and queen were very sad and they promised a bag of gold to the person that rescued her daughter. All the men in the village wanted to rescue the princess. They went to the black tower to kill the ogre. But when they saw him, they were very afraid and they ran away very fast. Time went by and the princess stayed in the tower.

One day, a friendly dragon was flying near the tower and heard the princess cry for help. The dragon saw the princess in the tower. He took a deep breath and sent the ogre far away. After that, he put the princess on his back and they flew back to her castle to meet her parents.

They travelled for a long time.

The king and the queen were very happy to see the princess again and they gave the dragon the big bag of gold. They invited the dragon to live with them in the castle and they all lived happily forever and ever.
