B.1 READ AND CIRCLE THE BEST CHOICE IN THE SENTENCES. (10 MARKS)

Hi! I'm Rose and yesterday I went to a Viking museum with my class. We learned that The Vikings were good at making things from wood. Their crockery and tools were made using a machine called a 'lathe'.

Vikings ate meat from farm animals, and from wild animals that they hunted.

They also collected foods such as berries and nuts from places nearby.

They cooked meat in a big pot over the fire, or roasted it. Fish and meat were smoked or dried to preserve it (to make it last longer).
Viking bread was made from rye or barley flour. They used milk mostly to make cheese and butter.

At a feast, guests drank a strong drink made from honey. People drank from wooden cups or drinking horns, made from cows. There were feasts for funerals and festivals.

I loved the museum. My favourite activity was the photo booth. We put on Vikings 'clothes and took lots of photos for our Facebook group!
