(a) Read the story, and then number the pictures to show the order in which the events happened. Write 1–8 in the boxes.

When Mrs Johnson got home last Wednesday, she found a terrible mess in her living room. She was afraid, so she immediately phoned the police and asked them to come to her house. When the police arrived, they found something very strange: the man who had broken into the house was asleep in one of the bedrooms!

The thief had gone into Mrs Johnson's house, and had started to put some things into a big bag. But then he had found some food in the kitchen, and, because he was hungry, he had eaten it all. Feeling sleepy, he had gone into a bedroom, and he had fallen asleep!
