ENGLISH: Level Pre A1

WEEK 26 - Let's Manage Solid Waste

ACTIVITY 1 Small changes can make a big difference!

LEAD IN

What recycled materials did they use to build this house?

LISTEN AND READ

LISTEN TO and READ the instructions about how to create a new object from recycled materials:

Christmas is coming soon. Let's learn how to make Christmas ornaments with recycled materials.
Remember, small changes can make a big difference!

How to Make a Snowman with Recycled Materials

Materials:

one sock

sand

two shoelaces

scissors

buttons

glue

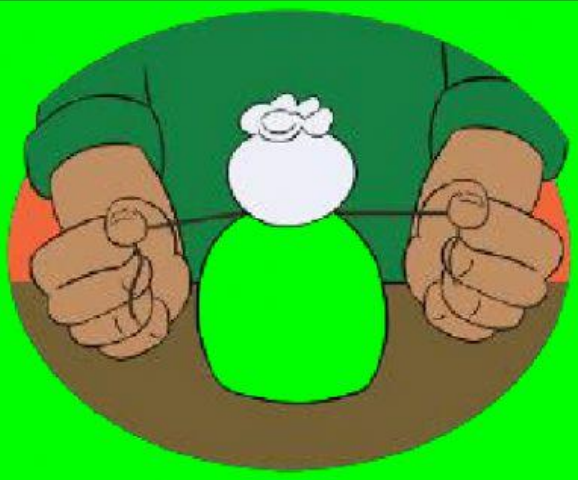
Instructions:

1. First, cut the sock.

2. Then, tie one end of the sock with a shoelace.

3. Fold the sock inside out.

4. After that, fill the sock with sand.



5. Tie the other shoelace to make the snowman's head.

6. Fold the other part of the sock to make the hat.

7. Finally, use small buttons to make the eyes and larger buttons for the body.

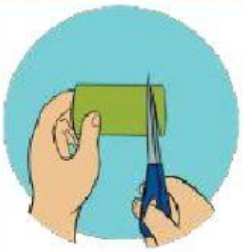
8. Finally, use small buttons to make the eyes and larger buttons for the body.

Feel free to add more details to your snowman using more recycled materials!

Let's celebrate Christmas and take care of our planet together.
If we all do it, we can make a big change!

LET'S PRACTICE

Exercise 1 MATCH the instructions with the correct picture.



PAINT the cardboard tube.

GLUE the parts together.

HANG it on the wall.

FLATTEN the cardboard tube and cut small strips.
