My parents have got a Bed and Breakfast (B&B). It's like a small hotel in your house. People can stay for the night and have breakfast in the morning. In our B&B, you can have a traditional English breakfast with bacon, eggs, and sausages. I don't eat meat and hate eggs so my mum makes some pancakes for me. My parents are busy in the morning. I don't help them in the morning because I go to school. I help them in the afternoon. Every afternoon my parents drink traditional five o'clock tea with cakes and biscuits. I drink tea too. We don't talk about the B&B then. We talk about school. At six o'clock, my parents clean the rooms and I make dinner. In my free time, I play board games with my dad and look after my pet dog.
