KIDS THREE FINAL EXAM

Paper 1

Time allowed: 1 hour

A) Read the story: **"The Princess and the Dragon"**.

The king and queen live in a golden castle with their beautiful daughter. One night a horrible monster captures the beautiful princess and locks her up in his tall, dark tower. The king and queen are very sad so they promise to give a bag of gold to the knight that rescues the princess. All the knights in the world want to rescue the princess. They ride their horses to the tower as fast as they can. The ugly monster screams with anger when he sees the knights. His scream is so scary that they ride away as fast as they can.

One day a friendly dragon flies over the monster's tower when he hears the princess cry for help. 'Help me!' she says. The dragon flies down to the tower, throws fire to the monster, and pushes him far away over the mountains and into the ocean.

The dragon rescues the princess from the tower and slowly puts her on his strong back. They fly high in the sky. They fly over the tower and the castle, over the mountains and caves, and out towards the deep blue ocean.

'Whee! I can fly!' The dragon and the princess fly to the castle. The king and queen are so happy to see the princess that they give the dragon the bag of gold.
