Steering by compass

Write* the orders the Officer of the Watch gives and what the helmsman repeats back

*Use WORDS, not numbers

Course to be steered:

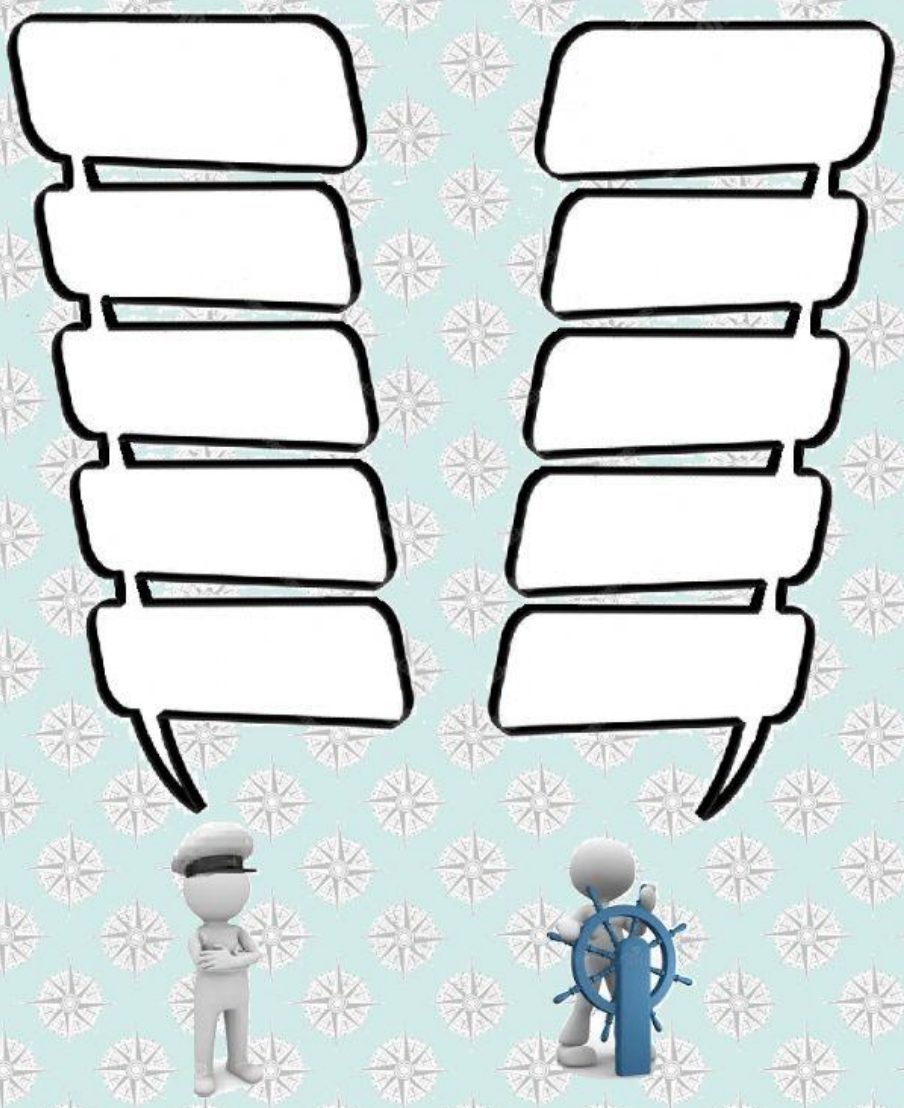
(starboard) 327°

(port) 081°

(port) 194°

(starboard) 056°

(port) 170°



B. Listen to the helm orders for the course to be steered by compass and choose the correct alternative

- The order tells you to steer **092 / 290** degrees, **port / starboard** side.
- The order tells you to steer **114 / 140** degrees, **port / starboard** side.
- The order tells you to steer **060 / 016** degrees, **port / starboard** side.
- The order tells you to steer **242 / 072** degrees, **port / starboard** side.
- The order tells you to steer **089 / 081** degrees, **port / starboard** side.
