5. Sodium and sulfur **Metal** _____ **Nonmetal**_____

Link to Periodic Table

Family _____ **Family** _____

Valence electrons _____ **Valence electrons** _____

Oxidation Number _____ **Oxidation number** _____

Symbols and Oxidation Numbers _____ **Formula** _____ **Name of compound** _____

6. Barium and Iodine **Metal** _____ **Nonmetal**_____

Family _____ **Family** _____

Valence electrons _____ **Valence electrons** _____

Oxidation Number _____ **Oxidation number** _____

Symbols and Oxidation Numbers _____ **Formula** _____ **Name of compound** _____

7. Aluminum and bromine **Metal** _____ **Nonmetal**_____

Family _____ **Family** _____

Valence electrons _____ **Valence electrons** _____

Oxidation Number _____ **Oxidation number** _____

Symbols and Oxidation Numbers _____ **Formula** _____ **Name of compound** _____

8. Sodium and fluorine **Metal** _____ **Nonmetal**_____

Family _____ **Family** _____

Valence electrons _____ **Valence electrons** _____

Oxidation Number _____ **Oxidation number** _____

Symbols and Oxidation Numbers _____ **Formula** _____ **Name of compound** _____

9. Lithium and nitrogen **Metal** _____ **Nonmetal**_____

Family _____ **Family** _____

Valence electrons _____ **Valence electrons** _____

Oxidation Number _____ **Oxidation number** _____

Symbols and Oxidation Numbers _____ **Formula** _____ **Name of compound** _____
