These celebrities were bullied.

"I was a victim of bullying and had other kids kicking and punching me every day. It was an early lesson in how making a film can set you apart." **Christian Bale told *Contact Music*.**

"I became a victim of bullying. I was a gawky[1], skinny girl with big teeth and that made me an easy target. I had two bullies and they tortured me all through junior high school." **Eva Mendes told *the Daily Mail*.**

"I personally was never physically bullied or tossed into dumpsters, but I definitely was verbally and socially bullied. I remember one time someone screamed 'fag'[2] at me in the hallway, and I screamed back, 'Yeah, but can you spell it?' Everyone in the hallway laughed at the other kid; it was nice to reverse the abuse." **Chris Colfer told *the NY Post*.**
