SET ME FREE

Take a look what we've become begun

It's been so long

Getting you out of my life

I feel so strong

Set me free

Feel my beating heart in perfect harmony

Don't let me down out

Feeling like in prison

Looking for the reason

I don't wanna say goodbye

Feels like no tomorrow

Everywhere that I go

Babe, I'm gonna lose my mind time

Just another story

Tell me not to worry

Everything will be just fine right

Used to be your treasure now I'm gone forever

Think I'm going back in on time

Set me free

Feel my beating heart in perfect harmony

Don't let me down out

Oh, oh, oh I'ma make it on my own

Oh, oh, oh I'ma make it on my own

Oh, oh,

Life has been so easy

Used to call us cheesy

It was paradise in my bed so lonely

You're the one and only
