Je me casse

Babe are you hurting

Are you alright

You look like an angel that fell from the sky

And boy you keep talking massaging messaging my ego

With your unoriginal pick-up lines (no what you gonna do)

no, I am not your honey money

no, I don't want your money

Got it wrong I ain't into dummies

Nuh-uh-uh-uh

So baby, it's not a maybe

Yeah I'm too good to be true

But there's something nothing in it for you

So if I show some skin

Doesn't mean I'm giving in

Not your baby

Je me casse Je me casse

If you don't get it
