My school year

by Jackie Roberts

Although we've had a lot of work this year, I've enjoyed being in Year 10. The highlight for me was our class trip to the British Museum. I'd never been there before and I thought it was amazing. I only saw the Ancient Egypt part but I definitely want to go back soon and explore some more.

I started playing hockey this year. Although I'm not very good at it, it's now my favourite sport. I'm going to carry on with it next year, I hope.

Of course not everything has been great. The worst part was exam time. This year the exams were really hard. However, it was such a nice feeling when they were over that it was almost worth it.

It's been a good year, but I'm looking forward to the last day of term. We're planning a party. Everyone will bring something to eat and we'll play music, dance and play some games, too. It'll be fun and then we'll be on holiday!

Read the essay. What was Jackie's favourite part of the school year? What was her least favourite part?
