
Writing

During the holidays, Amir and his brother spent three days at an adventure camp in Green Park. Read what Amir wrote in his journal.

Day 1

My father drove Azhar and me to Green Park. After we had put our bags in the dormitory, we assembled in the hall. My group members and I learnt how to give first aid. Azhar and his group learnt how to tie knots. Later, Mr Ram taught all of us how to use a compass.

Day 2

In the morning, I took part in an obstacle course. My brother spent the morning jungle-trekking. In the afternoon, I learnt how to tie knots while my brother learnt how to use dry twigs to start a fire. Before we went to bed, our instructors taught us how to read maps.

Day 3

After breakfast, my group carried our backpacks and walked to the jungle near the park. We trekked through the jungle until we reached a waterfall. Azhar and his group participated in the obstacle course which my group went through the previous day.

Day 4

All of us travelled by bus to a river about ten kilometres from the park. We put on life jackets and went canoeing with our instructors. My brother and I had a wonderful time canoeing. That evening, we went home.

Amir makes short notes to help him tell the class about the camp. (Page 46)

Complete the short notes.

Day	Activities he took part in
