State of matter &water cycle

States of Matter

Draw a line to match the objects and their correct state of matter.

Water Cycle

(Week 19)

Write "True" or "False" for the following statements.

a. In the process of condensation water vapour changes into liquid. ☐

b. The water vapour is a form of liquid. ☐

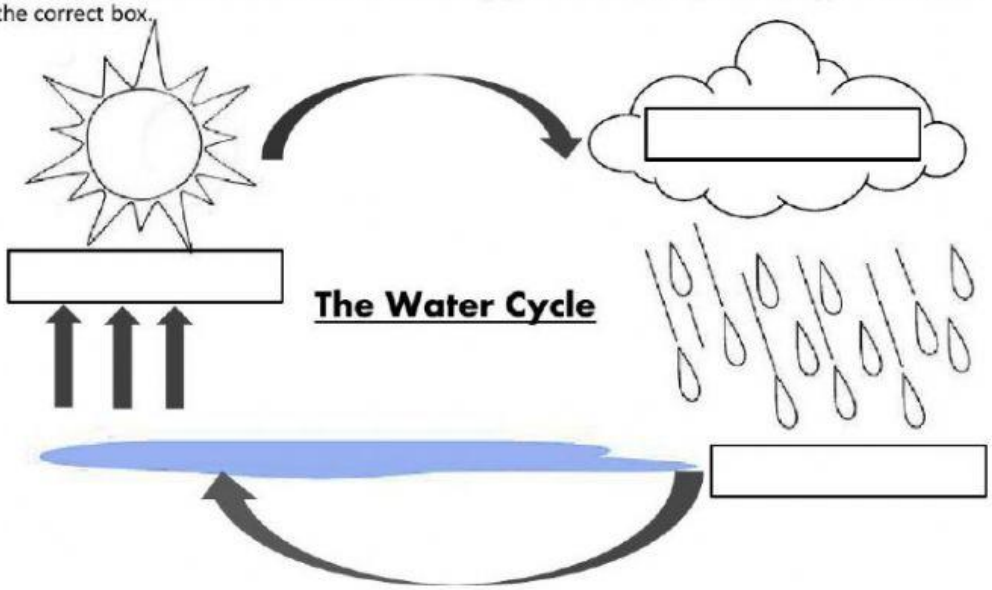
c. The sun plays the main role in the water cycle. ☐

d. The process of water cycle does not repeat. ☐

e. In the sky, the water vapour changes into clouds. ☐

f. In the precipitation the water falls back to the earth as rain. ☐

Directions: Cut out the words at the bottom of the page. Then use your glue stick to glue each word in the correct box.



Condensation	Evaporation	Precipitation
