PART IV. READING

Questions 21-25. Read the following passage and answer the questions. (1.5 pts.)

Penguins are special. They belong to a group of birds known as flightless birds. Unlike other birds, penguins use their wings much like the way fish use their fins to move in water. Penguins are Antarctic animals; they are found in the coldest areas in the world. Although they cannot fly, penguins can swim better than any other kind of birds. The feathers on a penguin protect every part of its body, except the beak and feet, from the **freezing** cold. They spend a lot of time hunting in the water. These days, you can find **them** in many zoos around the world.

21. What is the passage about?
A. Penguins' unability to fly **B.** Penguins' living place
C. Penguins' family members **D.** Penguins' features and habitats

LIVEWORKSHEETS
