B2.1 LISTENING TEST

TASK 1: You are going to listen to some people talking about working from home. Match extracts 1–5 with sentences A–H. There are two sentences that you don't need to use. **Extract 0** is the example.

A The speaker thinks that they work longer hours at home, and they miss having friendships with office colleagues.

B The speaker says that a mixture of working from home and in the office is best.

C The speaker says that people keep coming to their house and interrupting their work.

D The speaker says that you can get easily distracted so you need to have a structure to your day and to have self-control.

E The speaker says that they get more work done at home and prefer not to travel to work every day.

F The speaker says that people don't eat well when they work from home.

G The speaker finds it hard to divide their working life from their home life.

H The speaker says that many people feel lonely working from home, and so they spend too much time on the internet.

Question	0	1	2	3	4	5
Option	*E*					

TASK 2: Listen to a man talking about his high school experience and choose the **FIVE STATEMENTS** which are **TRUE**.

1. His school experience was the same as other students.
2. He took different classes and followed a different syllabus.
3. He travelled with his family , so he couldn't attend school.
4. He didn't have any lessons with other students, so he didn't make any friends.
5. He belonged to some groups and went to social events.
6. It was his mom who taught him.
7. He watched his classes on television.
8. He took the same exams as other students.
9. When he had to apply for college, his parents helped him a lot.
10. He talked to a counsellor to help him decide which college to apply for.
11. His lessons were exactly the same as those other children had at school.
12. His experience was similar to university, as he could change classes.
