FUTURE PERFECT OR FUTURE CONTINUOUS?

Your teacher follows the same routine every day:

The alarm clock goes off at 6.45 in the morning; she gets up immediately and the first thing she does is have a shower, which takes her about 15 minutes. At about 7 she gets dressed and walks her dogs for 15 minutes. She leaves home at 7:45 exactly in order to drive to *La Granadella*. It's a 30-minute journey to the high-school so she usually gets there at 8.15, which gives her the opportunity to switch on the slow computers before starting classes with you.
