Hi-tech toilets and digital taps

Are you sitting comfortably? Meet the designers who want to change the way you use the toilet.

ACTIVITY: Watch the video and say whether the statements below are true or false.

1) We don't usually question things we have been doing for a long time. T F
2) The standard squatting position of toilets is far from perfect. T F
3) It's important that our hands are free all the time. T F
4) The designer's granny raised objections to the new toilet. T F
5) It is possible to select the smell in your bathroom when having a shower. T F
6) White light when brushing your teeth warns you of a health problem. T F
