Word study: quantities

Replace the words and numbers with phrases from the box.

hardly any	all	some
most	a few	

There are 30 students in my class. ~~30~~ All (1) of us have seen a film in English before, but only about five or six _____ (2) of us watch them regularly.

About 25 _____ (3) of us prefer to watch cartoons in English.

About 12 _____ (4) of my classmates like playing online games in English too and about half of us have played video games in English before.

It is important for us to hear and read English online or on TV because only about two _____ (5) of us have visited an English-speaking country. None of us have any relatives who live in an English-speaking country. These are the only chances that a lot of us get to experience English outside of school.
