

SEQUENCE

When things happen in a certain order, they are in **sequence**. When you talk about sequence, you can use:

- time-order words: *first, then, next, after that, finally*
- names of days, months, seasons: *Monday, May, summer*

1) Look at the pictures of a growing plant and match them to the sentences below:

The seed grows roots and a stem.

The flowers become seed pods.

Marco plants a seed.

The plant grows flowers.

2) Now, write a paragraph in your folder. Write the sentences in activity 1 in order and use time-order words.
